# Counselors weigh impact of social media on teens -55-

Special Writer Soott Loroly CEO of Growth Works, agrees that the long-term impact of social media can't be pre-dicted.

"I think we're already seeing some impact, particularly for kids," said Levely, who heads the family services and chemical dependency organization that dates to the early 1970s. "I think there's a level of maturity that's needed to handle

that kind of pressure responsibly" Social media threats have recently shut down the Wayne-Westland Community Schools as well as early dismissals in the Northville district A threat on walls in two laustories remembed a "soft lockdown" at the Plymouth-Canton Community Schools' high

school complex In the Plymouth-Canton case, a year-old youth faces two counts making a false report or threat of terrorism and two counts of

making a homb threat by and his colleagues find teens often are impulsive which leads "into expecting instant grati-

'Kids don't always understa the impact of leaving that trail on social media," said Levely, adding as an adult he, too, finds the as an attent ne, too, finos me Internet affects his concentration. Students on social media often post illegal behavior, and the sites are "sort of a dark place. It makes it difficult for parents, adults to know what's going on."

If young people seek self-affir ation via social media. Level

mation via social media, Levely said, "it can become pretty devas-tating when suddenly it's negative." Growth Works started in Plymouth, expanded into Canton with its growth, and now serves the region. The agency works with school districts by having groups that help troubled youth focus or their behavior, although not specif-ically for social media use, the

CEO said "I think it's addressed indirectly with the kids. On the other hand, there are good things out there," said Levely, citing psychological health and substance abuse recov-

# High school athletic field repairs OK'd by board

The athletic fields at Romulus High School will see some much-needed repairs

Members of the Romulus Community Schools Board of Education approved a \$12,000 contract with Turfix Synthetic Sports Field Specialists to com-plete the repairs during a four-day period in April. The expense was allocated from the Wayne County Enhancement Millage that was approved by voters in 2016.

ters in 2016. Superintendent of Schools Marjie McAnally said she is excited that students will be able to participate in spring sports with no disruption. She dded that athletics are vital in the overall development of stu-dent athletes and that sports play a major role in the school

voters in 2016.

Romulus High School and Romulus Middle School sports to move forward in the short term and also allow the three teams from the Romulus Flyers youth football program to con-

Thue to use the venue.

The facility is also used for various community events and the track at the field is also

open to the public for recre-ational use.

School officials and board members were forced to close the athletic facility following football season last year follow ing a failed safety inspection Voters rejected a 10-year, 3 mil sinking fund millage last November which would have long-term solutions necessary at the facility. That sinking fund

tillage would have generated

to improve our parking lots roofing, plumbing, doors, windows, fire suppression systems,

ally at a cost of about \$140 ones. ally for each property owner. In addition to funding repairs bringing the athletic complex to industry standards, renovations across the district would have been addressed with the sink-

ing fund dollars, school officials is to move Romulus Community "There is a dire need to Schools forward in order to serve our families for genera-tions to come," said Mark Edwards, coordinator of school improve our parking lots, roof-ing plumbing, doors, windows, fire suppression systems, and

# **Derby's Alley project** is nearly complete

The first phase of the Wayne Main Street Derby's Alley placemaking project

Overhead lighting and seating in the underutilized alleyway located at 34924 W. Michigan Ave. has been installed, according to Wayne Main Street officials. according to wayne sham server conceas. The project began in 2017, with the instal-lation of three bistro tables and two park benches. Last week, the organization completed the installation of festooned-string lighting. Funding for this initial phase of beautification was secured through a grant from AARP, the Greater Metropolitan Area Realtors Association, Michigan Realtors, the Wayne Rotary Foundation, and the Wayne Downtown

levelopment Authority
Wayne Main Street representatives worked with funding partners to improve Derby's Alley utilizing the Lighter improvements that would have maximum impact, officials said. The organization 2017, a Cardio Drumming and Tai Chi fit-ness series that took place in September and October, the annual Scarecrow ption in October, and a visit with with the progress.
"We are pleased with the pro-

has been made with our project in Derty's Alley. Last year's events showed the wide range of events that can be host-ed in space like Derty's Alley." With the addition of seating and lighting in the alley, the organization anticipates that even more people will utilize Derby's Alley as an event space as weather

Wayne Main Street officials plan to continue improvements to Derby's Alley during the coming years. The organiza-tion aims to install signage and undertake renairs to the concrete by the end of 2018 Wayne Main Street is also looking at plans to improve other facets of the space such as improved landscaping and additional

Launched in 2011 by a group of private citizens, Wayne Main Street has evolved into one of the largest civic organizations in the city. Last year Wayne Main Street Michigan Main Street Association as a Select-Level Main Street community For more information, visit down
