## Canton OK's \$10.5 million water tank

A nine-hour discussion culminated in a unanimous vote by Canton Township officials to proceed with the construction of a \$10.2 million water storage tank last week.

The 96,297 square-foot tank is expected to save an estimated \$3.5 million from the \$12 million that Canton currently pays annually to the Great Lakes Water System for water officials said. The construction will be funded by an estimated \$8.5 million in low-interest bond money from prior water and sewer projects and from the township water-sewer fund.

The facility under discussion since the project was first suggested in 2007, is an effort to

control local water rates by utilizing the 2.5 million gallon facility to store water accumulated during "off peak" rate times for use by residents. A higher rate is charged for water during the hours of highest demand, usually in the morning and evening hours. Those peak hour higher costs would be avoided and not affect the cost of water from the Great Lakes Water Authority system, and the cost savings passed on to local users, officials

said. Work on the new storage facility and pump station could begin this month and the storage tank is expected to be complete and operational in May of next year. Officials said this is the largest capital investment the township has ever made in the water system. Currently, residential customers in Canton pay an average of about \$416 each quarter

for water, including a proposed 7 percent increase effective May 1. The water storage facility will be built on land adjacent to the Plymouth Christian Fellowship Church and the township will build an access road to the facility from the church property. Township officials have agreed to pave a church parking lot and build a trash enclosure. The \$9.1 million contract for the construction of the ground level tank and 23,953 square-foot pump station was awarded to RCL Construction and the project will be managed by OHM Advisors at a cost of \$940,000, which will include engineering services.

## Arson suspected in Eloise blaze

Westland fire officials continue to investigate the cause of a fire at the former bakery building on the Eloise Hospital property which took place last Wednesday, March 30.

According to reports of the incident, firefighters were called to the complex at about 2 p.m. where flames were clearly visible coming through the roof of the building. Getting to the building required the firefighters to cut through a fence which delayed their immediate action to quell the blaze. Upon reaching the building, fire had destroyed the structure, which was declared a total loss, according to reports.

The Eloise complex, a former mental asylum, is located at the corner of Michigan Avenue and Merriman Road and includes several buildings, most of which are now abandoned. The 50-acre property is owned by Wayne County, which has offered the land and buildings, considered a historic site, for sale for \$1.5 million.

Investigators initially determined the fire as arson when two gas cans and a flare were found near the building, but no formal

ruling or arrests have been made. Initial reports said that two 36-year-olds were suspects, but investigators have not confirmed any suspects or charges in the blaze.

The property is one of the original 76 buildings on what was once a 900-acre site which began as a poorhouse and farm in 1839. The mental hospital, a tuberculosis sanatorium and the Wayne County Hospital were added over the years until it became the largest complex of its kind. The bakery building was constructed in 1905 and shut down in 1960.

According to the Haunted USA.org website, the buildings are rumored to be haunted and several tales of eerie happenings and discoveries have been reported at the site, including the vision of a "spectral woman wearing white" seen on the upper floors and on the roof of the D building.

The Friends of Eloise, a volunteer preservation group, has been working to preserve the history and artifacts at the property which at one time housed thousands of homeless, mentally ill or hospital patients.

## Kroger expansion plan nixed in Northville

Don Howard  
Staff Writer

Northville Township planning commissioners have rejected a request from the Kroger Co. to rezone the land on the north-west corner of Five Mile and Hagerty roads where the company plans to construct a 12-pump gas station and convenience store. The six commissioners in attendance were unanimously opposed to the plan which was discussed during a public hearing on the request last week.

The recommendation not to approve the rezoning will now go to the Northville Township Board of Trustees for a vote.

The six commissioners in attendance were unanimously opposed to the plan...

April 21.

During the public hearing, the commissioners discussed various factors they said rendered the request inconsistent and incompatible with existing and future land use as prescribed by the township master plan. The commissioners listened to public comment on the request for rezoning and following discussion voted 6-0 to recommend not rezoning the property.

Kroger representatives have

requested a zoning change from B-1 to B-3. The B-3 zoning district allows several auto related uses as a special land use. The commissioners cited concerns as to the suitability, traffic impact, aesthetics and potential influence on property values compared to uses permitted under the current zoning. In addition, commission members studied capacity of the township utilities and street system to safely accommodate the added traffic that the gas station would

attract.

The Kroger store is currently located on the north end of the property. To the east is a Marathon gas station. Tutor Time Day Care Center sits to the south and a 15,000 square foot school, formerly Tanger Elementary, is located on the west.

Kroger was represented at the hearing by Matthew Fiske of consulting firm, Project Collaborative of Farmington Hills. Fiske argued that the Kroger redevelopment plan is consistent with the goals of the future land use map and does not include any additional curb

## 'Resignation' denied by fire chief

Former Northville Township Fire Chief Richard Marinucci is disputing the terms of his separation from his job.

Marinucci, 62, who had been with the township since 2009, left his \$116,000 position March 18. According to his attorney, Jill Schinke of Novi, there is an ongoing dispute about his separation.

"We maintain he was terminated," she said last Friday. "It was not due to anything improper or illegal, but he was forced out."

She would not comment on the current status of any legal

actions regarding the situation but said, "There is a process. There is a dispute and other issues that I cannot speak to."

She said that no lawsuit had been filed but that there are no current negotiations with the township.

"We are still considering all options," she said.

Township Manager Chip Snider said, "As of today, I have no reason to suggest in any way that Mr. Marinucci did not resign. His last day was Friday, March 18."

Northville Township Director of Public Safety John

Worth also declined comment on the resignation.

Marinucci is nationally known firefighter training expert and is the Executive Director of the Fire Department Safety Officers Association, a non-profit established to promote safety standards and practices in the fire, rescue and emergency services community.

Marinucci retired from the Farmington Hills Fire Department where he served since 1984.

## Suspended teachers may be reinstated by board

The five teachers who were suspended from Savage Elementary School following allegations of impropriety on state-mandated tests will apparently be reinstated.

Van Buren Public Schools Board of Education President Brent Mikulski read a formal statement at the beginning of a meeting last week stating, "District legal representatives and MEA (Michigan Education Association) representatives met today to negotiate a global resolution to the Savage MS-STEP issues and have conceptually agreed to a resolution that brings closure to this issue including rein-

stating the teachers. The details of this agreement are being reviewed and the parties remain hopeful that a resolution will be forthcoming as soon as possible."

The teachers were suspended by former Superintendent of Schools Michael Van Tassel, who was subsequently fired by the board. The Michigan State Department of Education disallowed the test scores from the school on the basis of the alleged improprieties in administering the tests by the teachers.

Parents have been questioning the members of the board for several weeks

regarding the status of the teachers who were forcibly removed from the school in full view of students. Many parents protested the action and claimed the independent investigation performed by an outside firm was upsetting to children who were asked sometimes vague or leading questions.

The board members were closeted with the attorney for the schools for about an hour in a closed session prior to the

meeting during which Mikulski read his statement.

Parents in attendance at the meeting last week demanded to be heard and accused the board members of withholding information and refusing to answer their questions regarding the issue. Questions regarding the date and conditions for reinstatement of the teachers were not answered by the board members.

## Reward offered in death of family dogs

The City of Westland and the Michigan Humane Society are seeking justice for a family who lost their dogs in an incident of robbery and arson.

The Michigan Humane Society Cruelty Investigation Department is offering a \$2,500 reward for information leading to the arrest and conviction of the individuals responsible for burning three dogs alive in a Westland home.

after a burglary on Tuesday, March 29. The fire occurred in the 3800 block of Warren around 2 p.m. The Michigan Humane Society Cruelty Investigation Department is also offering assistance in the investigation.

"This crime is despicable on many levels," said Matthew Pepper, president and CEO of the Michigan Humane Society. "Not only was a family robbed of their

belongings and displaced by a fire, they have to suffer the loss of their three beloved dogs. The dogs were trapped and unable to escape the flames and suffered greatly before ultimately perishing."

"The City of Westland and the Westland Fire Department appreciate the assistance on this case from the Michigan Humane Society," commented Mayor

William Wild. "This was a truly tragic situation and we urge the public to come forward with any information or information regarding this crime."

The dogs' bodies have been transferred to the Michigan Humane Society Berman Center for Animal Care in Westland for examination.

Anyone with information or who may have witnessed the

crime is asked to contact the Westland Fire Marshall at (734) 467-3280.

The Michigan Humane Society works to end companion animal homelessness, provide the highest quality service and compassion to the animals entrusted to their care, and to be a leader in promoting humane values. For more information, visit [www.michighumane.org](http://www.michighumane.org).

## Wayne honors 2016 Police Officer of the Year

A 14-year veteran has been honored as the Wayne Police Officer of the Year. Abraham Hughes was chosen for the honor by a citation board based on nominations from members of the department and recently accepted his awards at a meeting of the Wayne City Council.

He was presented with citations from the city, Wayne County and other civic organizations.

Hughes joined the Wayne department in 2002 and in recognizing him this year, the department noted two particular incidents during his time with the department.

In February last year, Hughes responded to a robbery at the Chase Bank branch in Wayne. He was able to determine that descriptions of the robber were inaccurate and by reviewing photos was able to provide a correct description of the suspect which eventually led to the apprehension and arrest of the criminal.

In September of last year, Hughes

Former Wayne Mayor Al Haidous, left, now a Wayne County commissioner, presents a formal proclamation to Wayne Police Officer of the Year Abraham Hughes.

responded to reports of a homicide that had just occurred at a home on the 4000 block of Chamberlain. Hughes, the first

officer on the scene, encountered the suspect and was able to contain the situation until other officers arrived to take him into custody for the killing of his step-grandfather with an axe.

"Officer Hughes displayed great courage and professionalism by putting his own safety in jeopardy and taking a violent felon into custody," said Wayne Police Chief Allen Maciej during the official recognition of his honor. Former Mayor Mayor Al Haidous who now

serves as a county commissioner presented the officer with an official proclamation of appreciation and honor from the county.

"It's a great honor to come back as a citizen and county commissioner to show my appreciation for a police officer who always stands up to serve the community," said Haidous. D-Wayne. "I want to show my appreciation. I've always been proud of our public safety - they're second to none."

## Plymouth park management protests replacement

A familiar face in Plymouth Township parks may be missing this year.

Township Park Foreman Eric Anderson, a former township police officer, has apparently been replaced with another seasonal employee by Director of Parks and Grants Mike Mitchell.

Anderson, 58, said he fully expected to be back on his seasonal job managing the parks, based on his meeting with Mitchell March 17. He claims that Mitchell assured him he would be returning to the position he has filled for two years, following his retirement after 28 years with the township police department where he was a sergeant.

Anderson said he went to the pavilion in the park March 28, after his meeting with Mitchell, where he was informed by another park employee that he had been replaced by a younger worker, Matt Kidd.

Anderson said he was shocked and went into the pavilion where he encountered Mitchell, township Human Resources Director Joann Cobaltis and Kidd. He says that Mitchell told him that he had

been "overruled by HR" and that he had been replaced.

He says Cobaltis told him he was replaced due to "too many problems" he had created.

In a letter to members of the township board of trustees and Supervisor Shannon Price, Anderson noted that he had never been reprimanded or disciplined for any problems during his time at the park. In fact, he said, his work had been praised and Mitchell had expressed gratitude to him for his ability to manage the ten seasonal workers effectively.

Mitchell would not respond to questions regarding Anderson's replacement, referring any inquiries to Cobaltis who did not return phone calls seeking comment. He did say that Anderson was a "seasonal" employee hired only for the season. "He does not have a contract," Mitchell said. He added that Anderson is restricted to working 720 hours during the summer and that the park foreman job would require more than that amount of time this year.

Anderson, however, claims that his insistence on the ten

*"I suspect they would rather the truth of that incident not be public."*

**Eric Anderson**

workers performing their assigned tasks may be part of the issue. He said that some teen seasonal workers failed to do assigned tasks, showed up late or were improperly assigned. When he corrected them, they referred to themselves as "political appointees" of Treasurer Ron Edwards and dismissed his attempts to correct their job performance. He said he knew the teens complained to Edwards about his demands that they do their jobs rather than use the park as a "playground."

Anderson said that Edwards originally recruited him for the job, but when the seasonal workers would complain to him about having to perform assigned tasks, Edwards would not discipline them but would transfer them to jobs at township hall. He said that Edwards told him that he owed the teens parents "big time" for political favors.

He said despite that situation,

he worked reasonably well with Edwards as his direct supervisor. He said when Price hired Mitchell as the township Parks and Grants Director he got along well with him, too. Mitchell formerly served as Price's administrative aide during his tenure with the Wayne County Commission.

Anderson said he suspects that his inside knowledge of township politics, incidents and financial practices may have played a part in his dismissal, and he said, "This new hire (Kidd) is a friend of Mike Mitchell."

He also suggested that as a witness to an altercation last year in the park between Mitchell and Edwards, he may have presented a threat to efforts to continue to cover up that confrontation. While both men dismissed the incident as minor, Anderson said that he personally witnessed a scream-

ing Edwards drive his car recklessly and dangerously and that Edwards threatened Mitchell with a sign stick. Immediately after the altercation, Edwards ran his car into a landscape trailer.

"I suspect they would rather the truth of that incident not be public," Anderson said. Anderson has formally asked the members of the board of trustees to intervene on his behalf and says he wants his job back.

In his letter he told them that he feels he is the victim of both age discrimination and that he was fired without due process, although he stressed that he is not considering legal redress at this time. He said he has been embarrassed by the situation and that he feels Cobaltis, Edwards and Mitchell have damaged his reputation with slanderous comments about his job performance.

Price reiterated Mitchell's comments and said that Anderson was a "seasonal employee" who worked without a contract and was not fired, he was "not called back."

# INKSTER - CANTON - NORTHVILLE

## \$3.9 million in street repairs planned

Lottery winners in Canton Township will see \$3.6 million in street repairs to local subdivisions.

The locations for the repairs in the township were chosen through a local lottery last year that selected the 13 neighborhoods which were to receive \$1.5 million in funding for street repairs from Wayne County. The project was

delayed from the scheduled start date last summer. Seven more subdivisions were added to the list of those to receive repairs when another \$1.5 million was allocated by the county.

The balance of the repairs, or about \$600,000 will be paid by the homeowners associations in the subdivisions, as the project requires 20 percent in matching

funds.

Township Supervisor Phil Laly said the project would certainly provide a smoother ride in many areas, but did not include all the repairs necessary to area roads.

Members of the Canton Township Board of Trustees have awarded a contract for \$629,219 to Hutch Paving Co. to perform

asphalt repairs in some areas of the township and awarded a contract to Florence Cement Co. for \$2.4 million in concrete replacement.

The pavement repairs are expected to begin in late spring and continue through November, officials said.

Neighborhoods slated for repair include: Forest Brook,

Meadow Brook, Century Farms, Oakvale/Stonegate, Fairways West, Willow Homes, Northland Estates, Canton Country Acres, Huntington Place No. 1, River Woods, Salem Manor, Royal Pointe and Glangary No. 1. Added to the list this year were: Windsor Park, Brookside No. 5, Meadow Villages, Sunflower and the Glangary subdivisions.

## Spotlight Players to present Guys & Dolls

One of the most popular Broadway musicals comes to the main stage of The Village Theater at Cherry Hill, when Spotlight Players presents Guys and Dolls April 15-17 and April 22-24.

This production of Guys and Dolls features a cast of 25 performers, including several family members.

Kurt Bowen who plays Sky Masterson, will join his wife,

Tracey, on stage for a second time.

"It's what we both love to do more than anything else - sing and perform," he said. "The only thing better than being on stage, is being on stage together. Since shows demand such a substantial time commitment from those involved, it also gives us more opportunity to spend quality time with each other. In fact, we try to pick shows to audition for that we

believe would give us both the greatest probability of being cast, which brought us to Spotlight's production of Guys and Dolls."

Don Barrow, who plays Big Jule, enjoys working with his partner Robert Doyle.

"With his experience in theater and his help, I am always able to learn a new trick or two to get the audience to understand my character better."

Bethany Taylor is thrilled to

perform next to her sister, Harmony, and father, Tim, in their first community production with Spotlight Players.

"It's hilarious watching my Dad learn the dances and interact with the other 'gamblers,'" she said. "I also really like seeing my sister enjoying her passion. It has been great to have the opportunity to do something we all love, but to do it together as a family."

Friday and Saturday perfor-

mances at 8 p.m. and Sunday performances at 2 p.m.

Tickets range from \$16-\$18 and can be purchased by calling the box office at (734) 394-5300 or visiting [www.cantonvillagetheater.org](http://www.cantonvillagetheater.org). Tickets are also available for purchase at the box office one hour prior to show time.

The Village Theater is located at Cherry Hill, located at 50400 Cherry Hill Road, Canton.

## Police investigators seeking information about homicide

Michigan State Police are continuing to investigate the shooting last week of a man well-known to law enforcement.

According to police reports, state troopers and Inkster police officers were called to a yard in

the 1400 block of Jeffrey Lane near Parkwood Street at about 12:15 a.m. March 31.

Inkster officers and Michigan State Police Secure Cities Troopers arrived following the 911 call reporting a man lying in a

yard at the location. Officers found a deceased man in the yard in front of 1405 Jeffrey Lane. After calling the Wayne County Coroner, investigators secured and processed the scene where they found shell casings in the area.

Police said that interviews of witnesses are continuing at this time and that the family of the deceased has been notified.

"This was not a random shooting and the victim is well known to law enforcement," a police

spokesman said. "Anyone with information is asked to contact crime stoppers at 1-800-SPEAK UP."

No further information is being released regarding the incident, police said.

Although the Kroger property is located in Northville Township the potential impact for Lake Pointe, the largest subdivision in Plymouth Township, could be significant. The Lake Pointe Homeowners Association sent out email notices to more than 600 residents alerting them of the township hearing.

"I'm afraid this is just beginning," Signorelli said after the meeting. "I heard they also want to expand to become a Big Kroger," a reference to the Super Kroger supermarkets.
